Foreseeing his role in the School of Technology **Dr Pepilluis Eteva de la Rosa stated**, "I am excited to lead the School of Technology in becoming a global leader in AI, blockchain, and decentralized systems. My main goal is to create a world-class research hub that promotes interdisciplinary collaboration. This will equip students with advanced skills they need to succeed. Woxsen's vision aligns with my passion and commitment to advancing technology, and I am dedicated to making a significant impact during my tenure."

When you advertise on Foreign Investor on India Portal you can reach up to **50,000+** impressions in a month which are targeted at related industry. This will bring about a change to your business:

Manufacturing: Toyota expands Neemrana plant to meeting growing auto demand

“Modular Bio-Refinery changes the entire scenario on long standing bottlenecks concerning supply chain & logistical issues associated with low-density feedstocks and CAPEX. The Barracuda process is very low cost, clean and circular. We will make one of the cheapest fiber and lignin in the market today globally” **said Navin Singhania, Founder of Barracuda Technologies and a leading biomass fractionation expert of the new refinery in India.**
